ABSTRAK

Penelitian ini bertujuan untuk mendeskripsikan bentuk pendidikan informal, proses regenerasi, serta faktor pendukung dan penghambat keberlanjutan Komunitas Islam Kejawan Bonokeling di Desa Pekuncen Kecamatan Jatilawang Kabupaten Banyumas. Penelitian ini menggunakan pendekatan kualitatif deskriptif dengan teknik pengumpulan data berupa observasi, wawancara mendalam, dan dokumentasi. Analisis data dilakukan melalui tahapan reduksi data, penyajian data, dan penarikan kesimpulan.

Hasil penelitian menunjukkan bahwa pendidikan informal dalam komunitas Bonokeling berlangsung melalui keterlibatan generasi muda dalam ritual adat, forum tukar kawruh, gendhu-gendhu rasa, serta komunikasi lisan antara sesepuh dan masyarakat. Pendidikan ini membentuk pemahaman generasi muda mengenai nilai religius, etika sosial, serta identitas budaya komunitas.

Proses regenerasi berlangsung secara natural melalui pembiasaan, keteladanan, dan penguatan hubungan emosional antara generasi tua dan muda. Faktor pendukung regenerasi meliputi ikatan genealogis yang kuat, otoritas tokoh adat, solidaritas sosial, dan keberlanjutan ritual. Sementara itu, modernisasi, pengaruh teknologi, perubahan pola pikir pemuda, serta tekanan ekonomi menjadi hambatan utama dalam proses regenerasi budaya.

Penelitian ini menyimpulkan bahwa pendidikan informal memiliki peran strategis dalam pelestarian nilai dan identitas Komunitas Islam Kejawan, serta menjadi fondasi penting bagi keberlanjutan tradisi di tengah perubahan sosial. Temuan ini diharapkan dapat memberikan kontribusi bagi pengembangan kajian pendidikan berbasis budaya dan pelestarian kearifan lokal.

ABSTRACT

This study aims to describe the forms of informal education, the regeneration process, as well as the supporting and inhibiting factors influencing the continuity of the Bonokeling Islamic Kejawen Community in Pekuncen Village, Jatilawang District, Banyumas Regency. Employing a descriptive qualitative approach, data were collected through observation, in-depth interviews, and documentation. Data analysis was carried out through the stages of data reduction, data presentation, and conclusion drawing.

The findings reveal that informal education within the Bonokeling community is conducted through the involvement of youth in customary rituals, tukar kawruh forums, gendhu-gendhu rasa sessions, and verbal communication between elders and community members. These practices shape the younger generation's understanding of religious values, social ethics, and cultural identity. The regeneration process occurs naturally through habituation, role modeling, and the strengthening of emotional bonds between older and younger members.

Supporting factors for regeneration include strong genealogical ties, the authority of customary leaders, social solidarity, and the continuity of ritual traditions. Conversely, modernization, technological influence, shifting youth mindsets, and economic pressures serve as major obstacles to cultural regeneration.

The study concludes that informal education plays a strategic role in preserving the values and identity of the Islamic Kejawen Community, serving as an essential foundation for sustaining tradition amid ongoing social change. These findings are expected to contribute to the development of culturally based educational studies and the preservation of local wisdom.
